WHY IT GOES QUIET

72%

of 18,000 people in DebtBusters' 2026 Money-Stress Tracker were experiencing money stress.

Your client is checking the budget, not saying no. Silence usually means “not sure yet”.

THE FIX

Three follow-ups, each with a different job.

1 **The next day: check it landed**
Ask if the quote was clear.

2 **A few days later: add something useful**
A date you can hold, or a payment option.

3 **About a week later: close the loop**
Ask if you should close their file. Then stop.

NOT DESPERATE, USEFUL

Make it about them, not about you.

INSTEAD OF
