WHY IT HAPPENS

A price on its own is a full stop.

Hi, how much for a full set?

R450.

Seen ✓✓

It answers their question and asks nothing back. So the easiest thing to do is nothing.

THE FIX

Every price reply, three parts.

1 **The price, first line**
No dodging. No PDF to open.

2 **What they get**
One line. Time, result or what is included.

3 **One easy question**
A date, or a choice between two options.

BEFORE AND AFTER

Hi, how much for a full set?

ENDS THE CHAT

R450.

KEEPS IT GOING

A full classic set is R450 and takes about two hours. It lasts three to four weeks with a fill. Would a morning or an afternoon suit you better?

Example. The business and price are made up.
