MID-APPOINTMENT

You were with a client when they messaged.

Two hours later you replied. They had already booked someone else.

THE FIX, PART 1

Switch on an away message that asks a question.

Hi, thanks for messaging. I'm with a client right now and I reply to every message between appointments, usually within 2 hours. Which service are you after, and which date works for you?

Away message

THE FIX, PART 2

Save your five most-typed answers as quick replies.

/price Your price, what it includes, and a question about the date

/book Your next two open slots, as a choice

/deposit How much, how to pay, how long the slot is held

/where Address, parking and a map pin

/prep What to bring or how to prepare

THE FIX, PART 3

Make your greeting ask the one question you need.

Hi, welcome. What date is your wedding, and where is it? I'll check if I'm free and send you the options.

Greeting message

Example: a wedding photographer
