MONTH END

Busy all month. How many actually booked?

Most owners cannot answer this. That is where the leak hides.

FIX 1

Count three numbers.

New inquiries ?

Priced or offered a time ?

Paid bookings ?

Close rate = bookings ÷ inquiries %

FIX 2

Four labels in WhatsApp Business.

New inquiry | Priced | Booked | Gone quiet

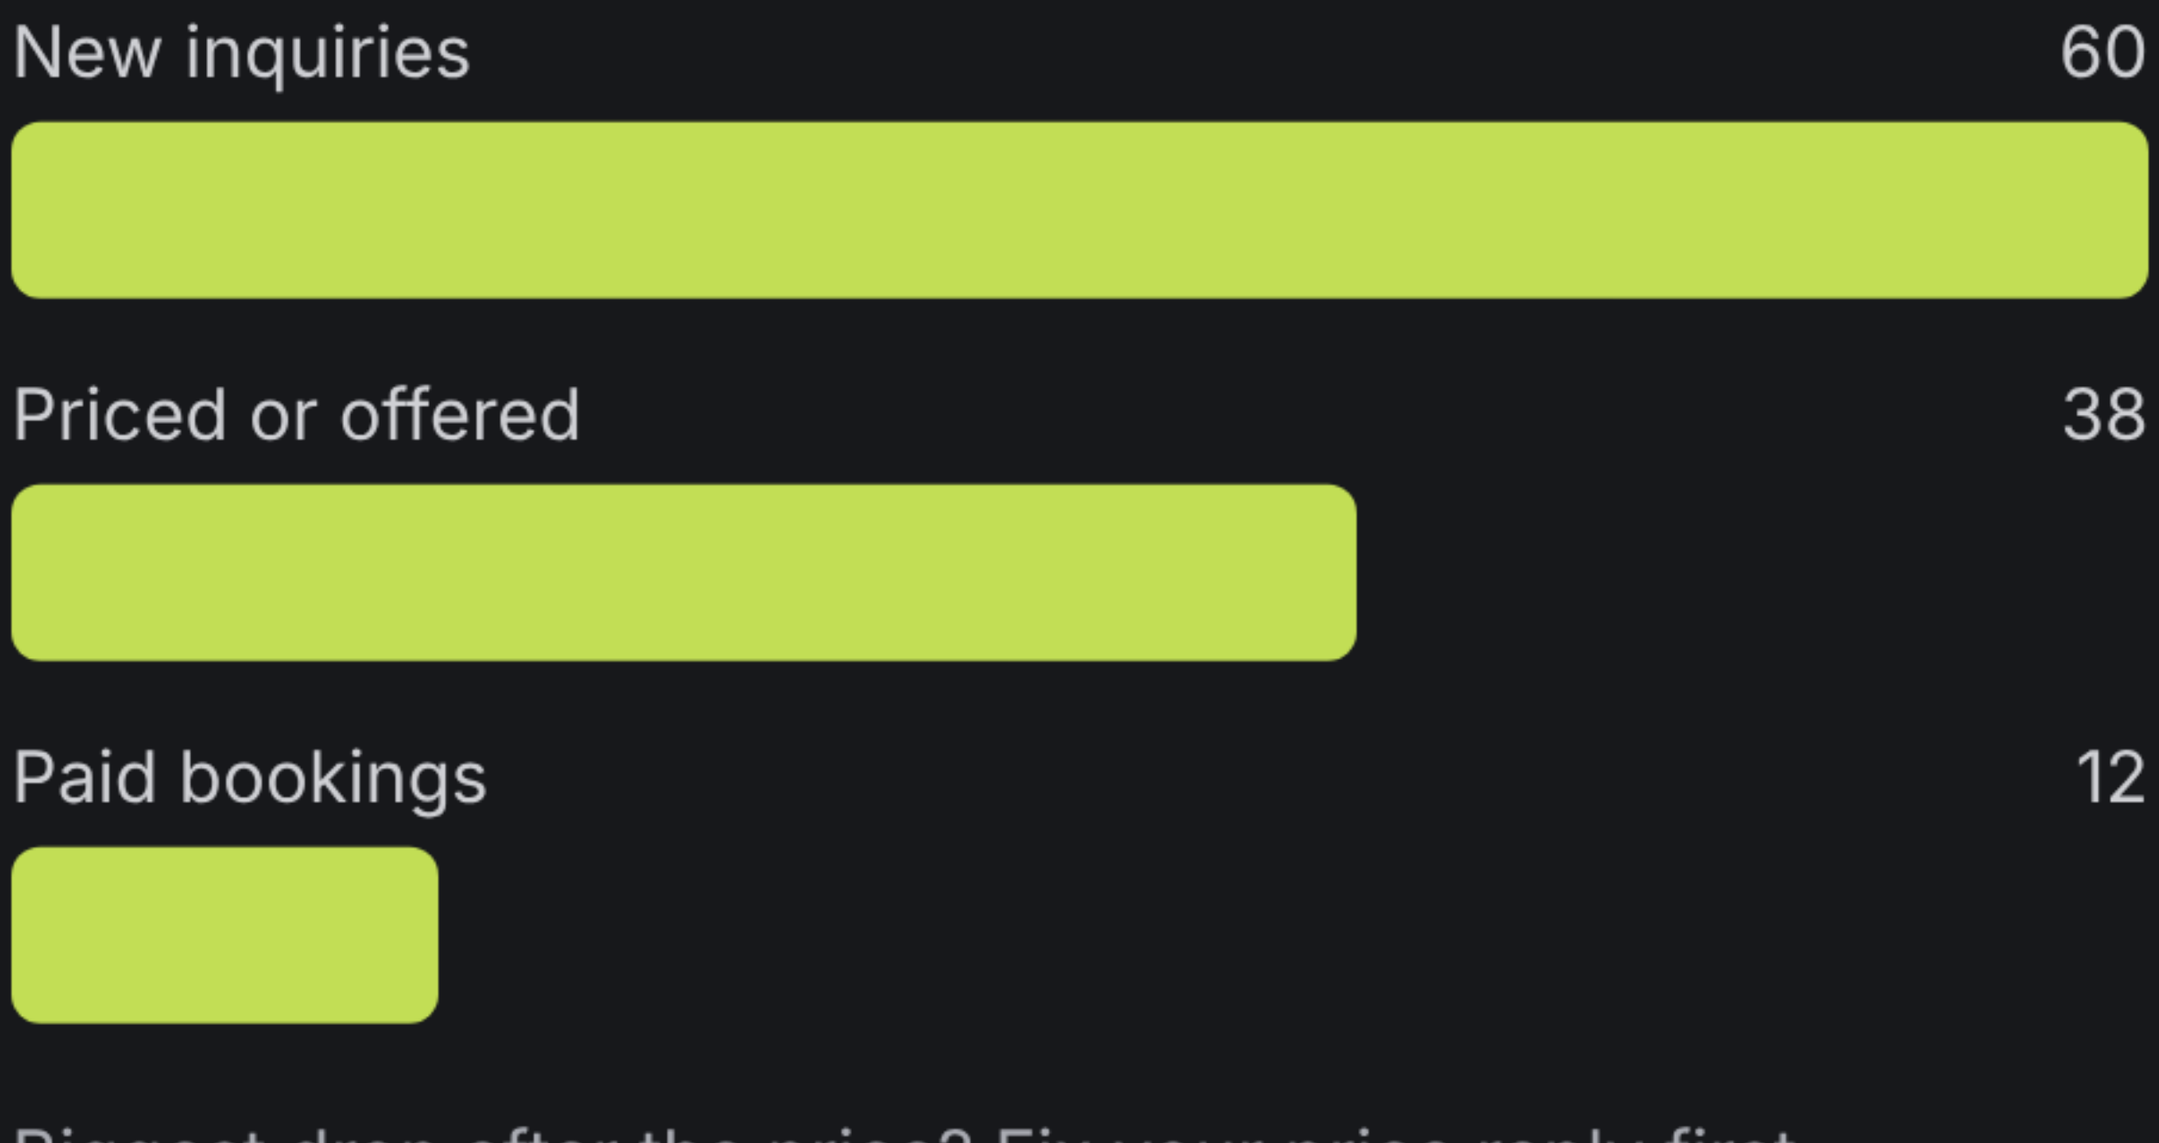

Move each chat as it happens. At month end, open each label and count.

FIX 3

Find the biggest drop.

Biggest drop after the price? Fix your price reply first.

Example: a made-up lash studio, one month. Close rate 12 ÷ 60 = 20%.
